

# GIADA

STR-DL

## Overview

This high-performance **LED recessed downlight** is designed for modern, energy-efficient lighting in commercial and residential spaces. It features a **round design** with a **diffused lens** for uniform light distribution, and an integrated **aluminum heat sink** for optimal thermal management.

## Family Range

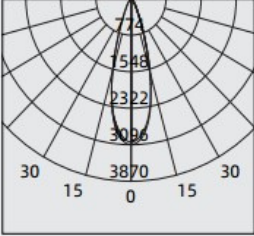

| Code           | Power | Dimension |
|----------------|-------|-----------|
| STR-202-09A-12 | 12W   | Φ75x100mm |
| STR-202-09A-18 | 18W   | Φ75x100mm |
| STR-202-09A-24 | 24W   | Φ90x135mm |

## Parameters

|                       |                    |
|-----------------------|--------------------|
| Efficiency            | 85 lm/w            |
| CRI                   | 90                 |
| Adjustable            | -                  |
| Power Factor          | 0.9                |
| Input Voltage         | AC220-240V 50/60Hz |
| Operating Temperature | -20° to 60°        |
| Working Hours         | 50,000 Hrs.        |
| IP RATING             | IP40               |

## Specification

|                      |                                                                                                                                                                                                                                                                            |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| LED CHIP             | OSRAM                                                                                                                                                                                                                                                                      |
| FINISH               | WH BK                                                                                                                                                                                                                                                                      |
| MATERIAL DESCRIPTION | HOUSING: DIE CAST ALUMINIUM                                                                                                                                                                                                                                                |
